

Low-Carbon After-Life

MEETING AGENDA

Central Mining Institute, Katowice

Day 0: Tuesday, April 5th, 2016

10:00	Additional workshop concerning Task 1.1
7 h	Participants: G. Gzyl, P. Łabaj (GIG), C. Loredo (UOVE), D.Banks (UoG)- after his arrival. Place: Central Mining Institute, high building, first floor, room no 118.
17:30	Informal walk to the Katowice centre + dinner. Additional proposition: exhibition in Silesian Museum – opened till 20:00, 20:00 – informal meeting in the cafe.

Day 1: Wednesday, April 6th, 2016: Localization: Central Mining Institute, CCTW building, 3rd floor.

09:00	Welcome
15 min	Welcome and aims of the meeting – by Grzegorz Gzyl (GIG)
09:15	Work session 1 – Coordination session part 1: WP1 and WP2 progress presentations
15 min	Review of the work progress: Task 1.1 <i>A new tool for heat transfer modelling in flooded mine workings</i> –presented by representative of UOVE
10 min	GIG input into Task 1.1 – presented by Paweł Łabaj (GIG)
15 min	Discussion & conclusion on further task progress
15 min	Review of the work progress: Task 1.2 <i>Quantifying important mixing processes</i> – presented by representative of UOG
15 min	GIG input into Task 1.2. – presented by Ewa Janson (GIG)
10 min	Discussion & conclusion on further task progress
15 min	Review of the work progress: Task 1.3 <i>Development of new tools on a system in development</i> – presented by Grzegorz Gzyl (GIG)
10 min	Discussion & conclusion on further task progress
10 min	Summary of WP1 Work progress with relation to workplan as in the technical annex – presented by Paul Younger/Neil Burnside (UoG – WP2 leader)
11:10	Coffee break
15 min	Review of the work progress: Task 2.1 <i>Preventative strategies for ochre clogging</i> – presented by representative of Alkane
15 min	Discussion & conclusion on further task progress
15 min	Review of the work progress: Task 2.2 <i>Closed-loop strategies for oxidised, ochre-precipitating mine waters</i> – David Banks (UoG) , Presented by representative of UoG
15 min	Discussion & conclusion on further task progress
10 min	Summary of WP2: Work progress with relation to workplan as in the technical annex, conclusions and key results – presented by Jorge Loredo (UOVE – WP2 leader),
12:20	Work session 2 – Coordination session part 2: WP3 progress presentations
15 min	Review of the work progress: Task 3.1. <i>Technical, legal and management STEEP/CBA analysis</i> - presented by Marcin Głodniok (GIG)
15 min	Review of the work progress: Task 3.4. <i>Ownership, management and financial models</i> – presented by Aleksandra Zgorska (GIG)

Low-Carbon After-Life

10 min	Discussion & conclusion on further progress of tasks 3.1. and 3.4
13:00	Lunch
14:00	Work session 3 – Coordination session part 2: WP3 progress presentations - continuation
15 min	Review of the work progress: Task 3.3. <i>Models for incorporating cooling into delivery system</i> – presented by representative of UOG
15 min	Discussion & conclusion on further task progress
15 min	Future works within Task 3.2. <i>Pathways to market</i> – discussion, moderated by representative of UOG - Task content – what we have promised? Relations to other tasks - Discussion & conclusion on further task progress
10 min	Summary of WP3: Work progress with relation to workplan as in the technical annex, conclusions and key results - presented by representative of GIG (WP3 leader)
15:30	Work session 4 - Coordination session part 3: WP4 progress presentations
15 min	Review of the work progress: Task 4.1 <i>Pilot implementation at Markham site (UK)</i> – presented by representative of Alkane
15 min	Review of the work progress: Task 4.2 <i>Pilot implementation at pilot site in Asturias (ES)</i> – presented by representative of Hunosa
15 min	Review of the work progress: Task 4.3 <i>Pilot implementation at pilot site in Bytom (PL)</i> - presented by representative of Armada
15 min	Discussion
10 min	Summary of WP4: Conclusions and key results - presented by representative of Alkane
17:40	End of first day works
19:45	Pick up at hotel lobby
20:00	Official dinner

Day 2: Thursday, April 7th, 2016

09:00	Field excursion / visit on Armada pilot site in Bytom
09:15	Departure from GIG to Bytom
10:00	Arrival at Armada pilot site
12:30	Come back to GIG
13:00	Lunch (back in GIG)
14:00	Work session 5: Conclusions and future works
20 min	Review of the work progress: WP 5 - reporting summary – presented by Malgorzata Markowska (GIG) - dissemination activities – presented by Agnieszka Gieroszka (GIG)
30 min	Discussion on mid-term report – moderated by Grzegorz Gzyl (GIG)
20 min	Wrap-up of WP sessions as a result of yesterday WP sessions (5 minutes per WP session)
20 min	Conclusion and key results of coordination sessions + future work to be done (deliverable table) – presented by Grzegorz Gzyl (GIG)
30 min	Discussion
10 min	Conclusions & to do list – Grzegorz Gzyl (GIG)
16:10	End of the meeting
18:00	Informal walk to the restaurant in Katowice city centre (optional)
