

ARMADA DEVELOPMENT S.A.

Armada Development S.A. is a special purpose company established to undertake a major investment project in Bytom on the grounds of the former KWK Szombierki. The task of Armada Development S.A. is to carry out the investment process in the area of over 80 hectares, and ultimately even 250 ha. The project involves converting the former mine area Szombierki in an oasis of greenery and construction of a new residential and recreation for the residents of the city and the region which is the location of the project pilot.

Pilot action in Bytom

The area of the pilot action is located in the central part of the Silesia Region, in Bytom. The owner of the land is Armada Development S. A. Pilot investment is located on the revitalized area of the former KWK Szombierki, where now is the golf course and residential houses - Silver Ponds. This area is an example of one of the biggest regeneration projects in Poland. The area is located 500 meters from the city center and occupies an area of over 80 hectares. Housing Silver Ponds includes a team of 76 houses integrated into the golf course.

The idea of the pilot action in Bytom

The idea of the pilot action in Bytom is to test innovative techniques for the use of mine water for the needs of heat supply service buildings and housing. In the future investment enables the use of a new method for changing the heat supply system of the whole estate area.
